- 6.3 Consider audit proposals received from the request for proposal to conduct financial audits and preparation of the District's Financial Statement for fiscal years ending 2022, 2023, and 2024. The Board will review the proposals and possibly enter into an agreement with an auditing firm.**

Chief Whittle stated that based on Board past practice, a request for proposal (RFP) to conduct the SVFPD financial audit has been published every three years. This year, the RFP was sent to eight firms and two proposals were received back. The proposals were in the board packet and included Mr. Zach Pehling who is our current auditor since 2012 and Fechter & Company out of Sacramento. The audit cost was nearly the same for each but Fechter & Company included up to an additional \$1,800 for expenses.

The Board discussed the audit proposals and inquired if staff was happy with the current auditor or had any recommendations.

Chief Whittle explained that in the beginning with Mr. Pehling, the County questioned the quality of the audit but currently there are no concerns and staff is happy to work with Mr. Pehling. Based on the proposal, Fechter & Company will review and report findings and recommendations regarding the SVFPD internal accounting and administrative controls. Mr. Pehling has been easy to work with and knows our system but has not reviewed internal accounting and administrative controls. Going with a new firm could be beneficial but at the same time, we will be starting all over.

The Board discussed that the proposal from Mr. Pehling did not appear to include review of internal accounting and administrative controls (review). Chief Whittle stated that this was included in the RFP and we can confirm that Mr. Pehling will be completing the review.

On motion of Director Campbell seconded by Director Pisciotta to Approve the Audit Contract with Mr. Zach Pehling with the Caveat that we Direct him to Review Processes was approved by the following vote:

7. Board of Directors and Administrative Reports – Information/Discussion
(No action will be taken on any questions raised by the Board at this time.)

7.1 Board of Directors Report – Directors

Director Campbell stated that the Ad Hoc Committee met on April 27, 2022 and discussed moving forward and setting up workshops. The Ad Hoc Committee will meet again to establish taking points for the workshops. Director Patterson stated that the BFPD is mainly concerned what they are getting out of this but it needs to be beneficial for both agencies and the SVFPD will make sure that is the case.

7.2 Annual SCHMIT Report – Battalion Chief LoFranco

The SCHMIT Report was included in the board packet and Battalion Chief LoFranco reported on the following:

- The four quarterly trainings have been completed and the goals have been met as outlined.
- There have been zero activations.
- The four quarterly trainings have been scheduled for next year.
- There are currently 30 reimbursable positions and 35 qualified team members.
- As the managing agency, the SVFPD team members will be meeting to discuss equipment and training readiness for an incident.
- In the future, we will be setting up a meeting with the Santa Clara County Hazardous Response Team to reaffirm best practices.

7.3 Administrative Report – Chief Officers

The Administrative Report was included in the board packet and Chief Whittle reported on the following:

- Battalion Chief (BC) McNeil, BC Stubendorff, and Captain Petteys met with the Pierce sales rep to go over the final specifications of the new Type 1 engine. We are waiting on a price from Golden State Fire Apparatus, which will be approximately \$200K more than anticipated and two years out.
- The Erba station on-site seismic testing has been completed. Block walls were scanned for grout, rebar, and samples removed for compression testing along with a foundation evaluation. Currently waiting for results from the structural engineer.
- The Bauer SCBA compressor has been ordered and should be arriving soon.
- BC LoFranco and BC Stubendorff attended a demonstration of the Bryx Station Alerting system along with other agencies including Santa Cruz City, Central Fire, and Watsonville. The general consensus was that it was a good system that was modestly priced and easy to install. Should SVFD get the FEMA AFG Grant, the Bryx station alerting system would be our most likely choice.
- SCO responded to a fatality motor vehicle accident in Branciforte jurisdiction. SCO BC assumed command, and E2512 provided ALS Care. The Zayante FD BLS ambulance also responded for assistance.
- SCO was dispatched to confirmed structure fire that ended up being a fully involved vehicle fire in Branciforte. BC LoFranco assumed command, the fire was extinguished by SCZ E3112 with assistance from E2512.
- One PCF has taken a leave of absence to work as a seasonal firefighter for Cal Fire. We reinstated two PCFs who were previously on leave of absence while working for Cal Fire. We also added 2 new PCFs from the academy, to bring our total PCF count to 7.
- Engineer Laine returned to full duty after a 6 month absence. He completed all return-to-duty proficiencies for Firefighter, Paramedic, and Engineer.
- The Lucas device has been used on several occasions of the past few months. Crews have reported the device is easy to use and greatly enhances their abilities to provide care on cardiac arrest calls. BC Stubendorff will be working closely with Dominican Hospital Staff in mid-May to better facilitate the transition of the patient from the field to the ER when the Lucas device is in place.

SCOTTS VALLEY FIRE PROTECTION DISTRICT
Regular Board Meeting May 11, 2022

- A new study is coming to the county called the "Red Lights and Siren" project. This is a nationwide study where EMS systems try to reduce the number of code 3 responses based on outcome data from the 911 call type. A collaborative effort between Fire Agencies, AMR, and County EMS will look at our current data and evaluate which type of 911 responses should be altered.
- BC Stubendorff, Captain Sundermier, Engineers Crivello, Post, and Pedemonte attended the Fresno Training Symposium on March 28-April 1. Areas of training included engine company operations, forcible entry, and SFM Chief Officer classes. The symposium provided great training for all who attended and will aid in our operational functions.
- The annual active shooter drill will be returning to Scotts Valley High School in June. This drill will be spread out over two weeks with 8 total days. Crews will participate both as participants and training proctors.
- In the former Kmart shopping center, The Fault Line Brewing Company and Target are under construction, and being inspected regularly.
- If the Board decides to go to the voters in November, we will need to look at obtaining Bond Counsel very soon to meet the election filing deadlines.

8. Correspondence – Information

8.1 Thank You Letter Senior Life Online

8.2 Thank You Letters Scotts Valley High School Students

The Board received and filed the correspondence.

9. Request for Future Agenda Items

Director Harmon inquired about the status of the request from the Scotts Valley Water District (SVWD) to purchase a small corner of the La Madrona property for the intertie water project. Chief Whittle stated that the SVWD had the portion of the La Madrona property they needed appraised but that he had not received a proposal. The Board asked Chief Whittle to follow up and he will make contact with the SVWD.

Chief Whittle stated that the Santa Cruz County Fire Chiefs will be discussing the SCHMIT program. The SCHMIT program is the responsibility of the County and Cities and should be cost neutral to the participating agencies. Currently the participating agencies are receiving \$5,000 per team member and the actual cost is about \$8,000. The SVFPD is subsidizing the SCHMIT program \$25,000 annually. This will be a future discussion item for the Board.

10. Adjournment

Subject: Scion XB car fire 5/20/2022

From: Tony Villador <howdyynot@gmail.com>

Message:

My name is Tony Villador the car owner of the Scion XB that caught fire on HWY 17 Fri 5/20/2022. I wanted to send a heartfelt message and deep thank you to the fire team that responded rapidly, professionally and like super humans! They saved a hillside, someone's home, and snuffed out those flames on my now dead vehicle. It was one of the most surreal experiences of my life, but between Officer Joe, K-9 SJPD Mat, The Fire Captain, the Road Safety Coordinator and the tow gent, the situation was wrapped up and contained incredibly. I'm so grateful for all the responders and the teamwork they exuded in that seriously hairy moment. I never wanted to be "that dude" on HWY 17, but unfortunately it happened. Please let them all know that the work, passion, and humanity that they provide is not lost on many folks!

My deepest gratitude and thanks!

Tony Villador
